

Shown with TA-8 Steel Casing as example.

Our new **GalXC™** material is now standard for all Timely door frames raising the quality and performance properties to the highest level at an exceptional value. **GalXC** is a Hot Dipped Galvanized product that provides superior corrosion resistance in the harshest environments while balancing outstanding surface, gauge, and shape quality.

Our prefinished steel **A-Series** Adjustable Frame is the perfect companion for the Standard Frame. Use **A-Series** Adjustable Frames to prevent jobsite problems resulting from walls of varying wall thickness or non-standard Jamb depth. **A-Series** Adjustable Frames are also the solution where pre-hung assemblies are required.

Our **A-Series** Adjustable Frames are made using 18 gauge galvanized Powder Coated steel.

Finishing options include 7 standard colors, a selection of custom RAL Powder Coat colors or primed for field painting. A minimum order of 25 Frames is required for custom RAL Powder Coat colors.

Fire ratings up to 90 minutes are available for non-glazed openings, and up to 45 minutes for glazed openings.

Mullions are not available for **A-Series** Adjustable Frames.

Our **A-Series** Adjustable Frames will accommodate a 1 3/4" door weighing up to 250 lbs.

AVAILABLE IN JAMB DEPTHS

Adjustable from 3 3/4" to 9 1/8" using four different Closure pieces.
