

ADJUSTABLE KERFED FRAME (AK-Series)

\*Limited Distribution

Shown with Wood Casing  
 Supplied by Others.

Our new **GalXC™** material is now standard for all Timely door frames raising the quality and performance properties to the highest level at an exceptional value. **GalXC** is a Hot Dipped Galvanized product that provides superior corrosion resistance in the harshest environments while balancing outstanding surface, gauge, and shape quality.

Our **AK-Series** Frame is designed specifically for the Residential Market where Weatherstrip, Thresholds, and Pre-Hanging are common requirements. **AK-Series** frames are also the solution for House to Garage openings where Fire Ratings and Security are essential.

For commercial applications, use this frame for projects where jobsite finishing is acceptable or primed wood casing is being used.

Timely **AK-Series** Frames are made using 20 gage galvanized primed steel.

Finishing options are restricted to High Definition White primer.

Fire ratings up to 90 minutes are available.

Mullions are not available for **AK-Series** Adjustable Frames.

**AK-Series** Frames will accommodate a 1 3/4" door weighing up to 250 lbs.

**AVAILABLE JAMB DEPTHS**

Adjustable from 4 1/2" to 10 1/2" using six different closure pieces.

\*Limited Distribution: Check factory for availability.
